FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Public Safety- Division of Fire Safety** stated that there are approximately 4,000 elevators in Kansas City. The Division would collect \$20 per elevator, per inspection pursuant to current law. This proposal would allow Kansas City to do their own elevator inspection program, therefore, the Elevator Safety Fund would lose inspection fees of approximately \$80,000 annually.

Officials of **Kansas City- Codes Administration** stated that this proposal would have no fiscal impact on Kansas City.

<u>FISCAL IMPACT - State Government</u>	FY 2002 (10 Mo.)	FY 2003	FY 2004
ELEVATOR SAFETY FUND			
<u>Loss</u> to Elevator Safety Fund from inspection fees	<u>(\$80,000)</u>	<u>(\$80,000)</u>	<u>(\$80,000)</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2002 (10 Mo.)	FY 2003	FY 2004
	\$0	\$0	\$0

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

Under this bill, as long as Kansas City has adopted and enforces certain policies of both the American Society of Mechanical Engineers Safety Code for Elevators and Escalators and the American National Standards Institute and continues to maintain a department, bureau, or division responsible for enforcing elevator codes, the city is exempt from the provisions of Sections 701.350 through 701.380, RSMo. These sections relate to elevator and escalator safety inspections. However, inspections must still be performed by certified inspectors.

ASSUMPTION (continued)

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
